1 min. read

HopgoodGanim Lawyers is proud to have been named amongst the country's most recommended legal firms of 2015.

Earlier this week, Beaton Global Consulting + Research released its rankings of professional service firms with the highest Net Promoter Scores (NPS) in Australia; a customer satisfaction and loyalty metric based on the foundation question, "What is the likelihood that you would recommend Company X to a friend or colleague?". HopgoodGanim ranked first in the "small firms" category for legal firms in Australia.

The ranking caps off a successful 2015, in which HopgoodGanim took home the award for Australia's Best Law Firm and Best Professional Services Firm (revenue \$50m-\$200m) at the annual AFR Beaton Client Choice Awards.
