An education in law provides a solid grounding for your future and can open doors to a range of exciting opportunities.

We enjoy contributing to the journey of our future graduates through the university systems around Australia. We are a proud sponsor of the QUT Law Founders' Scholarship Fund. The scholarship supports first-year law students experiencing financial hardship.

This year's recipients met with sponsors and past scholarship recipients at an event last week. HopgoodGanim Partner [Luke Mountford](#) is chair of the QUT Law Founders' Scholarship Fund Committee. "I am passionate about the fund and the power of education, and believe our scholarships positively impact on our students and also those who contribute to the fund."

HopgoodGanim Lawyers also announced at the event that the firm has committed to a second sponsorship of a four year Law Founders' Scholarship.

Congratulations to this year's recipients and the best of luck for your first year of legal studies.
